*an introduction*

### *An introduction*

Our purpose is to create a space that tells a story with great experience to share.

Design help find solution through fascinating way, pushing the limit, and breaking the boundary. Collaboration allow us to continuously evolve to create a better experience in life.  
Creating an interior space that ever lasting and make a difference among the rest.

## *The Story*

Established in January 2013, YAPH Studio is focused on delivering accented interior experience with commitment to design service excellence.

Our Founder and Principal Yudhistira A.P. Harahap held Bachelor degree in Interior Design and Master degree in Lighting Design from Institut Teknologi Bandung, also Diploma degree in International Business Study from Universitas Padjadjaran.

Have been years experienced in Grahacipta Hadiprana Design Consultant. His portfolio are among the great hotel brand and clients in the country, from private residential to resort hotel, and local to international grade projects. In 2007 became a finalist on HDII Award for The Kayana Bali Project.

He always create the design not only from the aesthetic aspect but also the market perspective.

Our design and support team consist of the best qualified person within its field.
